Directions to our Camp (from Žabljak center / bus station)

Our camp and apartments are located close to the city center of Zabljak. From the center, head out of Zabljak (in the direction of Šavnik/Nikšić) and you will pass the petrol station and bus station (after about 400 meters). A few hundred meters after passing the bus station the road joins another larger road (keep to the right) and follow that road out of the town. After 500 meters you will see a yellow sign for 'Razversje', take this small asphalt road which leads up to the right. After another 500 or meters you'll see a red sign for 'Kamp Razvršje' on your left. From this sign carry on straight up the road (please note: we are not the first camp you see on the left, which is called Eko Camp!). From the red sign you will need to continue straight for about 200 meters until you have reached the end of the small road. At this point you enter the camp by driving / walking directly up the steep access lane (you'll see red houses on your right). You can park on the left and come in to our reception hut or knock on the main house door.
